SDS – ARKTM Ketamine Assay

1. **IDENTIFICATION**

(a) Product Identifier:	ARK TM Ketamine Assay
Product Code:	5056-0001-00, 5056-0001-01

(b) Other means of identification/synonyms

Component Name	Internal Code
Antibody/Substrate Reagent 1	4056-0001-01, 4056-0001-04
Enzyme Reagent 2	4056-0002-01, 4056-0002-04
Product Type:	Liquid

(c) Relevant identified uses of the substance or mixture and uses advised against: In vitro diagnostic kit

(d) Manufactured/Supplied:	ARK Diagnostics, Inc.
	48089 Fremont Blvd.
	Fremont, CA 94538 USA
	1-510-270-6270
	Email: customersupport@ark-tdm.com

2. HAZARDS IDENTIFICATION

OSHA/HCS Status: Regulation (EC) 1272/2008 [GHS]

ARKTM Ketamine Assay This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

Not classified.

Classification of the substance or mixture: ARKTM Ketamine Assay

GHS Label Elements:

Signal word:	ARK TM Ketamine Assay	No signal word.
Hazard statements:	ARK TM Ketamine Assay	No known significant effects or critical
	hazards.	

Precautionary statements

Prevention:	ARK TM Ketamine Assay	Not applicable.
Response:	ARK [™] Ketamine Assay	Not applicable.
Storage:	ARK TM Ketamine Assay	Not applicable.
Disposal:	ARK TM Ketamine Assay	Not applicable.
Supplemental label		
elements:	ARK TM Ketamine Assay	Not applicable.

CN No. 18-148 Page 2 of 12

Safety Data Sheet

Effective Date: 10/30/18

SDS – ARKTM Ketamine Assay

Hazards not otherwise classified: ARKTM Ketamine Assay

Not applicable.

3. COMPOSITIONS/INFORMATION ON INGREDIENTS

Substance/mixture: ARKTM Ketamine Assay Liquid Mixture Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no ingredients which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section. Occupational exposure limits, if available, are listed in Section 8.

4. FIRST AID MEASURES

Description of necessary first aid measures

Eye contact:	If easy to do, remove contact lenses, if worn. Immediately flush eyes with copious amounts of water for at least 15 minutes. If irritation occurs or persists, notify medical personnel and supervisor.
Skin contact:	Wash exposed area with soap and water and remove contaminated clothing/shoes. If irritation occurs or persists, notify medical personnel and supervisor.
Inhalation:	Immediately move exposed subject to fresh air. If not breathing, give artificial respiration. If breathing is labored, administer oxygen. In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours. Immediately notify medical personnel and supervisor.
Ingestion:	If swallowed, call a physician immediately. Do not induce vomiting unless directed by medical personnel. Do not give anything to drink unless directed by medical personnel. Never give anything by mouth to an unconscious person. Notify medical personnel and supervisor.
Protection of first aid Responders:	See Section 8 for Exposure Controls/Personal Protection Recommendations.
Most important symptoms and effects, both acute and delayed:	: See Sections 2 and 11.

Doc. No. 0900-0009-27

Rev. No. 01

Effective Date: 10/30/18

CN No. 18-148 Page 3 of 12

SDS – ARKTM Ketamine Assay

Indication of	
immediate medical	
attention and special	
treatment needed if	
necessary:	Medical conditions aggravated by exposure: None known or reported. Treat
	symptomatically and supportively.

Most important symptoms/effects, acute and delayed

Potential acute health effects

Eye contact:	No known significant effects or critical hazards.
Inhalation:	Exposure to decomposition products may cause a health hazard. Serious effects may be delayed following exposure.
Skin contact:	No known significant effects or critical hazards.
Ingestion:	No known significant effects or critical hazards.

Overexposure signs/symptoms

Eye Contact	No specific data.
Inhalation:	No specific data.
Skin contact:	No specific data.
Ingestion:	No specific data.

Indication of immediate medical attention and special treatment needed if necessary

Notes to physician:	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested.
Specific treatments:	No specific treatment.
Protection of first-aiders:	No action shall be taken involving any personal risk or without suitable training.

5. FIREFIGHTING MEASURES

Extinguishing media

Suitable extinguishing media:	In case of fire, use water spray (fog), foam, carbon dioxide or dry chemical as appropriate for surrounding fire and materials.
Unsuitable extinguishing media:	None known
Hazardous thermal decomposition products:	No specific data.

Rev. No. 01

CN No. 18-148 Page 4 of 12

Safety Data Sheet

Effective Date: 10/30/18

SDS – ARKTM Ketamine Assay

Special protective actions for fire-fighters:	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Special protective equipment for fire fighters:	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel:	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
For emergency responders:	If specialized clothing is required to deal with the spillage, take note of any in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
Environmental precautions:	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and materials for containment and cleanup

Small spill:	Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
Large spill:	Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

7. HANDLING AND STORAGE

Precautions for safe handling

Protective measures:	Put on appropriate personal protective equipment (see Section 8).
Advice on general occupational	
hygiene:	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
Conditions for safe storage,	
including any incompatibilities:	Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control Parameters

Occupational exposure limits:	None
Appropriate engineering controls:	Good general ventilation should be sufficient to control worker exposure to airborne contaminants.
Environmental exposure controls:	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Clear Liquid
Color	Colorless
Odor	No information identified
Odor threshold	No information identified
рН	5-8

Safety Data Sheet

SDS – ARKTM Ketamine Assay

Melting point/freezing point	No information identified
Initial boiling point and boiling range	No information identified
Flash point	No information identified
Evaporation rate	No information identified
Flammability (solid, gas)	No information identified
Upper/lower flammability or explosive limits	No information identified
Vapor pressure	No information identified
Vapor density	No information identified
Relative density	No information identified
Water solubility	Miscible in water
Solvent solubility	No information identified
Partition Coefficient (n-octanol/water)	No information identified
Auto-Ignition temperature	No information identified
Decomposition temperature	No information identified
Viscosity	No information identified
Explosive properties	No information identified
Oxidizing properties	No information identified

Other information

Molecular weight	No information identified
Molecular formula	No information identified

10. STABILITY AND REACTIVITY

Reactivity	No specific test data related to reactivity available for this product or its ingredients
Chemical Stability	The product is stable when stored as recommended.
Possibility of hazardous reactions	Not expected to occur.
Conditions to avoid	No thermal hazard. Avoid temperatures \geq 32°C to preserve biochemical integrity.
Incompatible materials	No information identified.

Safety Data Sheet

Effective Date: 10/30/18

SDS – ARKTM Ketamine Assay

Hazardous decomposition products: No information identified.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity Conclusion Summary:	Not available
Irritation/Corrosion Conclusion Summary:	Not available
Sensitization Conclusion Summary:	Not available
Mutagenicity Conclusion Summary:	Not available
Carcinogenicity Conclusion Summary:	Not available
Reproductive Toxicity Conclusion Summary:	Not available
Teratogenicity Conclusion Summary:	Not available
Specific target organ to (single exposure)	xicity Not available
Specific target organ to (multiple exposure)	xicity Not available
Aspiration hazard	Not available.

Potential acute health effects:

Eye contact	No known significant effects or critical hazards.
Inhalation	No known significant effects or critical hazards.
Skin contact	No known significant effects or critical hazards.
Ingestion	No known significant effects or critical hazards.

Symptoms related to the physical, chemical and toxicological characteristics

Eye contact	No known significant effects or critical hazards.
Inhalation	No known significant effects or critical hazards.
Skin contact	No known significant effects or critical hazards.
Ingestion	No known significant effects or critical hazards.

SDS – ARKTM Ketamine Assay

Delayed and immediate effects and also chronic effects from short and long term exposure

Short term exposure

Potential immediate effects	Not available		
Potential delayed effects	Not available		
Long term exposure			
Potential immediate effects	Not available		
Potential delayed effects	Not available		
Potential chronic health effects	Not available		

Conclusion/Summary

General	No known significant effects or critical hazards
Carcinogenicity	No known significant effects or critical hazards
Mutagenicity	No known significant effects or critical hazards
Teratogenicity	No known significant effects or critical hazards
Developmental effects	No known significant effects or critical hazards
Fertility effects	No known significant effects or critical hazards

Numerical measures of toxicity

Acute toxicity measurement	Not available.

13. DISPOSAL CONSIDERATIONS

Disposal methods Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residue. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Sodium azide may react with lead or copper plumbing to form highly explosive metal azides. Products contain $\leq 0.09\%$ sodium azide. As a precaution, affected plumbing including instrumentation should be flushed adequately with water to mitigate the potential accumulation of explosive metal azides.

14. TRANSPORT INFORMATION

Transport	Based on available data, this product/mixture is not regulated as a hazardous material/dangerous good under EU ADR/RID US DOT, Canada TDG, IATA or IMDG.			
UN Number	None assigned.			
UN Proper Shipping Na	ame	None assigned		
Transport hazard classes and packaging group		None assigned		
Special precautions for	users	Mixture not fully tested – avoid exposure.		
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code		Not applicable		

15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance and mixture

This SDS complies with the requirements under the US, EU and GHS (EU CLP – Regulation EC No 1272/2008) guidelines. Consult your local or regional authorities for more information.
